

Exercise Circuit

Boxercise – Circuit 1

Perform each exercise for 30 seconds. Repeat 4 times.
Add dumbbells for extra resistance.
All exercises can be completed seated or standing.

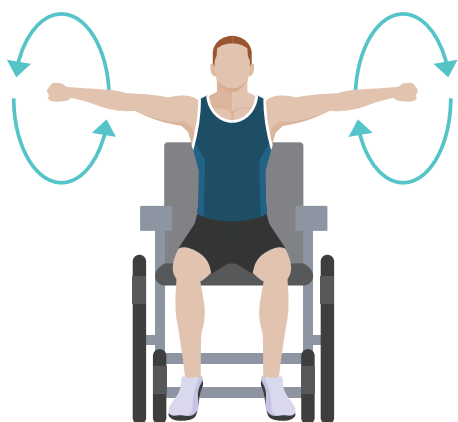

1

Arm Circles

Start with feet shoulder-width apart, and lift your arms out straight to the sides of your body. Draw large circles with your arms in a forward motion and slowly make the circles smaller. Repeat this movement by moving your arms in a backwards motion.

Standing

2

Ladder Climb

Start with your feet shoulder-width apart and arms by your side. Lift your left knee up to hip height and extend your right arm above your head and then lower both. Then lift your right knee up to hip height and extend your left arm above your head and then lower both. Repeat this movement at a speed suitable to you as if you are climbing a ladder.

Standing

4

Row

Start with your feet shoulder-width apart, with a slight bend in the knees. Raise both arms directly out in front of you with your palms facing down and form a fist. Pull both arms back towards your body in a rowing motion at the same time so your elbows are in line with your shoulders. Now push your arms away from your body so they are straight out in front of you and repeat the movement.
