# **Breakdown of Dormant Accounts Funding**

## Community Sports and Physical Activity Hubs (CSPAH)

Dormant Accounts Funding will be allocated to establish and develop 5 Local Sports Partnerships (LSP) led CSPAHs in 2023, with additional funding allocated to 39 existing hubs.

The objective of the Community Sport and Physical Activity Hubs is to bring local people together and provide a home for local clubs and sports organisations. The Community Sport and Physical Activity Hubs will focus on three themes:

- 1. Community Sports Hub
- 2. School Community Sports Hub
- 3. Outdoor Community Sports Hub

The hubs sit within the existing structures of the LSPs which operate under the remit of Sport Ireland. The hubs will provide information, support and advice on a wide range of sports and physical activities to make it easier for people in disadvantaged areas to get involved and engage in a more active and healthier lifestyle.

#### **Innovation for Sports Inclusion**

Within the <u>National Sports Policy 2018-2027</u>, one of the overarching values is innovation. The National Sports Policy "will encourage and stimulate innovative solutions to the challenges we seek to address around participation, high performance and the development of the sports sector." Additionally, the National Sports Policy promotes "developing an adaptable and innovative sports sector that is capable of identifying and responding to the differing and changing needs of individuals at different points in their lives."

The objectives of the Innovation Fund are to:

- Pilot new approaches to the development and promotion of sport participation
- Evaluate and document successes and failures of the approach; and
- Demonstrate replicability and scalability for nationwide use and implementation.

These projects look to test innovative and scalable solutions to critical problems and challenges in the development of sports participation at national, local, community and individual levels.

#### Her Moves

The Her Moves campaign, which builds upon the Girls Get Active programme, was launched in March 2023. The vision of the campaign is to implement a systems change campaign through the creation of a brand, effective messaging, an online space and physical activity opportunities. This will give girls confidence and motivation, make them feel empowered to be active in their own way. To support this campaign, LSPs will create and deliver sports and physical activity programmes based on the 8 Key Principles of Success from the <u>Adolescent Girls</u>. <u>Get Active Research Report</u>. The fund is focused on supporting the development and piloting of programmes and initiatives that target reducing the drop out in sport and physical activity in adolescent girls.
